REPUBLICAN STATE PLAT- FORM.

I. The Republicans of Nevada, in convention assembled, reaffirm their unflinching loyalty to the principles of the party as enunciated in their national platform, from Lincoln to Blaine. We believe that liberty is the inalienable right of every man, whatever his race or color, and in the equality of every man before the law, with the unrestricted right of every citizen to cast his vote for whomsoever he chooses, with the assurance that the election of every citizen to the office of the Union and free government are now recorded in history as the work of the Republican party. Union, liberty, equality, a protective tariff, have largely contributed in making \$9,000,000 of people the best fed, the best clothed, the happiest, the most intelligent and powerful that ever existed on earth. The elevation of labor by the abolition of slavery and the utter repudiation of caste and aristocracy by the Republican party has opened to every man the free labor every day and within the jurisdiction of the United States, and has enabled the toiling millions of the North and of the South to associate in common brotherhood for the protection of their rights and the advancement of their intellectual and material prosperity.

II. We arraign the Democratic administration of President Cleveland for having failed to keep the pledges on which it came into power. It promised economy and retrenchment, and has been most extravagant in expenditures and appropriations, which, for the current year, largely exceed the abundant revenues of the Government. It promised to reduce the surplus in the Treasury, but reversing the rule of previous Administrations, has permitted such surplus to lie idle and accumulate to the injury of the business of the country, and has refused to approve of the action of a large majority of both Houses of Congress directing that such surplus be applied in payment of the interest-bearing debt of the country. It promised to care for and give attention to the disabled soldiers and sailors of the late war, and has treated with contemptuous veto every pension bill against which it could find any shadow of technical objection. It promised to protect the person and property of citizens both at home and abroad, and to maintain the dignity and honor of the nation, yet in its relation with Great Britain it has shown itself unwilling to give protection to either person or property, and has permitted our flag to be insulted, without proper protest, almost in sight of our shores, while by hasty and unseasonable action it has unnecessarily jeopardized our friendly relations with the Mexican Republic, and made our Nation ridiculous in the eyes of the world. Its evasion of civil service reform, to which its leading representatives are pledged, have been bold, insolent and lawless. Among its first acts of administration, it closed the United States Mint at Carson City, in utter violation of the law, to the great detriment of every miner and silver producer in this State in particular, and of the public in general. It has seriously impaired our mail facilities, without shadow of law, and has cut off the express will of Congress, and denied to this people their rights by its unexcused and continued refusal to execute the law for the erection of a Government building.

POLITICAL.

In the capital of this State. It has used the entire power of the Administration to destroy silver as money, and by a refusal to execute the law, to pay out silver for Government duties has kept the metal out of circulation, and by various devices it has reduced the price of silver since the inauguration of President Cleveland more than fifteen per cent. It has closed many of our silver mines, and thrown thousands of honest laborers out of employment.

III. We favor a tariff upon the imported products of low-priced foreign labor, so as to protect the interests of American wage-workers, and for the development of American industries. We demand in behalf of our mining interests the maintenance of the present tariff on lead, borax, soda and other mineral productions, and in behalf of our wool-growing interests a restoration of the wool tariff of 1867 and the denunciation of the recent attempt of the Democratic majority in the National House of Representatives to pass the Morrison bill reducing the tariff on the products of our mines and placing wool on the free list.

IV. We believe in American soil for American citizens, and are opposed to non-resident aliens becoming landowners. The public domain should be reserved as homesteads for the settlers, and the accumulation of large tracts or bodies of land in the hands of corporations or individuals should be discouraged, and in the case of land grants to railroad corporations where the corporations have failed to comply with the conditions of the grants the land should be forfeited to the Government, and held for the benefit of actual settlers.

V. We favor the intelligent organization of labor for such worthy purposes as mutual education and for the protection of their interests in things relating to their welfare, but we do not favor the industrial welfare of the country, and we favor the enactment of State and National laws providing for the settlement of controversies between employers and employees by methods of voluntary arbitration, or by the establishment of courts of conciliation, which will avoid the waste, loss and ill-feeling resulting from strikes and lock-outs, and the usual expenses of litigation.

VI. We denounce the action of the Democratic House of Representatives at its last session in striking from the bill to compensate the citizens of this State for losses sustained during the Indian war of 1860 all claims for supplies furnished for the suppression of Indian hostilities, and for services rendered by the brave and memorable struggle in which the lives of a large number of our most respected citizens were sacrificed.

VII. We denounce the pretense of the Democratic party of having sympathy for the cause of local self-government in Ireland while the Democratic House of Representatives, in Committee of the Whole, repeatedly refused to endorse that principle. In the months of April and June last that body, by Democratic vote, on several occasions rejected a resolution endorsing a free Parliament for Ireland, which is in the following words:

Resolved, That the House of Representatives earnestly sympathizes with Right Hon. Wm. E. Gladstone and his associates in their efforts to secure a free Parliament for the people of Ireland, and congratulates the people of this hitherto unhappy country upon the prospect of an early and successful termination of their long and patriotic struggle for the right of local self-government.

Thereby destroying the growth of a liberal spirit throughout Great Britain.

VIII. We commend the efforts of Senator Jones and Congressman Woodburn in obtaining an appropriation of \$30,000 for public land surveys in this State, and we condemn the action of the Committee of the General Land Office in withholding money appropriated for that purpose, and particularly condemn the action of Senator Fair in obstructing the survey of public land in this State when appropriations for that State were under consideration by the Senate.

IX. We endorse the action of Senator Jones and Congressman Woodburn in their efforts to suppress polygamy in Utah, and to check the growth of disloyalty to the Government in that territory, and we fully endorse the principles of the bills introduced for that purpose by Congressman Woodburn. We endorse the action of the Republican Senate in passing in the early days of the last session of Congress a bill which calculated to suppress the growth of polygamy, and check the growth of the hostile power of the Mormon Church, which is threatening the peace and tarnishing the good name of the United States. We condemn the action of the Democratic House of Representatives in refusing during the last long session of Congress which has just closed to consider any measure tending to relieve our country from the blighting curse of polygamy and polygamous rule in Utah and the surrounding Territories.

X. We are opposed to the further importation of Chinese to this country, or any other foreign laborers, under the contract system, and we favor any plan for the relief of free labor from competition with convict labor, which does not impose free labor on the expense of supporting convicts in idleness and useless labor. And we favor the adoption of laws providing for the protection of workers in our mines and on hazardous callings, and such other measures as will improve the material and social welfare of our industrial population. We are earnestly opposed to the doctrine of the so-called Anarchists, and we believe in the most perfect protection to each and every individual in the enjoyment of the fruits of his personal efforts to earn an honest livelihood.

XI. The paramount interest of civilization requires that the money used as a circulating medium in any country shall at all times bear a constant ratio to the increasing population of that country. Contraction of the currency involves all financial evils to which a nation can be subjected, among which are robbery of the debtor, stagnation of business, reduction of wages and the starvation of the masses for the benefit of bondholders and grasping creditors. We denounce the bondholders' conspiracy to debase silver and contract the money that would result in a single gold standard, as a crime against civilization. It would double the obligation of bonds and all other contracts for the payment of money, which would aggregate in the world the enormous sum of more than one hundred thousand million dollars, and thereby make the rich richer and the poor poorer, and impoverish the masses for the benefit of the favored few. We are, therefore, in favor of the free and unlimited coinage of both gold and silver upon the basis now provided by law.

XII. We condemn the Democratic House of Representatives for refusing to make the necessary appropriations for the construction of a suitable navy for the defense of our commerce and the protection of our citizens at home and abroad, and we particularly condemn it for refusing to make any appropriation for fortifications to protect our extensive seacoast while there was a vast surplus in the Treasury, and thousands of laborers out of employment.

XIII. We again declare our constant sympathy with the just and consistent Republican policy and practice of granting out of the nation's abundant generous portions to the disabled veterans of our wars, whether for the country's defense or for the preservation of the Union. We protest against the removal from official places of worthy and disabled Union soldiers to make way for partisan civilians and ex-Confederates.

XIV. In common with all loyal people of the land, we mourn the loss to our country of the heroic dead, and especially that great Republican as well as great statesman, Ulysses S. Grant. His

POLITICAL.

high and honorable member, patriotic devotion to our country and loyalty to the principles of Republicanism which he so fittingly represented and did so nobly to advance. We shall ever treasure his memory and cherish his deeds.

XIV. It is the duty of this State to maintain free schools, not only in towns and thickly populated sections, but in the rural and sparsely settled districts, and as the education of pupils in the sparsely settled sections of the State is necessarily more expensive per capita than where a large number of pupils can attend the same school, such a division of the school money should be made as will furnish the means of education to all children in the State.

XV. Expenditures beyond the means of private individuals are required for surveys, engineering and the construction of reservoirs, canals and other hydraulic works, for the purpose of irrigation in this State. We, therefore, favor liberal appropriations by Congress for surveys, both hydrographical and topographical, to ascertain how the waters of this State, which now run to waste in flood time, may be stored and utilized for the purpose of agriculture, and the land that when all the facts are known, suitable aid may be obtained from Congress to enable the Government of the United States to dispose of its lands, and to enable the people to settle upon and occupy the same.

XVI. Resolved, That two years' experience has demonstrated that the present jury law, which compels citizens, at their own expense, without regard to their pecuniary ability or the losses they may suffer, summarily to suspend their usual occupations, break their business engagements, travel long distances and remain from their homes for an uncertain period, and stand upon District Courts as jurymen, is a measure of unwise economy, often productive of great hardship and an unjust imposition of burdens upon private individuals. We, therefore, demand of the next Legislature such legislation as shall secure to all citizens fair compensation for all the time which they spend, and full reimbursement for all expenses which they incur in performing the duties of jurymen in the District Court.

XVII. Resolved, That with pride and pleasure to the able and brilliant record made by our Senator in Congress, the Hon. John P. Jones, in his watchful and vigilant care of our interests upon all occasions, as are fully shown by his unanswerable speeches in Congress against the introduction of duties upon foreign manufactures and foreign productions, which expose in masterly style and in a clear and forcible manner the free-trade doctrines of modern democracy. His able and consistent advocacy made upon the reorganization of silver, particularly the last speech in Congress upon that subject, in which he has displayed more strongly his ability to render the obscure subjects intelligent to the most common mind, thereby replacing and upholding the old time honored American dollar of our fathers in the rightful position as one of our circulating medium and purchasing power, and his logical and overwhelming arguments in favor of the passage of the Chinese Restriction and Exclusion bill, and amendments thereto, during the last Congress.

Resolved, That we are unalterably in favor of home rule in Nevada, and believe that the men who pay her taxes and whose homes and interests are identified with the State should control its politics.

AMENDMENT. We believe it is the duty of the National Government to pass laws regulating the great railroad corporations of the country, protecting the people from extortion and unjust discriminations, and we approve the principles of the bill passed by the United States Senate, known as the Cullum bill, and we urge our Senators and Representatives in Congress to have the same enacted upon our national law.

Resolved, That we demand that the next Legislature shall pass the bill known as the plan known as the Nebraska plan for the election of United States Senators.

DEMOCRATIC STATE PLAT- FORM.

First—The Democratic party of the State of Nevada, through its representatives in convention assembled, at Elko, on the 17th day of September, 1886, reaffirming its long and indorsement of the declaration of principles adopted by the National Democratic party at the city of Chicago in 1864, among which, upon the question of coinage and currency, are the following plain statements of Democratic faith and the principles upon which the party appealed to the suffrages of the people of the several States in the late Presidential campaign:

"We believe in honest money—the gold and silver coinage of the Constitution and a circulating medium convertible into such money without loss."

We therefore demand that good faith shall be observed with the people by the Democratic Administration by religiously adhering to the money plank, as it does to every other plank of the Chicago platform.

Second—President Cleveland, in his wise conservative and patriotic administration of our public affairs, both foreign and domestic, challenges our highest admiration, except in following the beaten path of his Republican predecessors and the policy of the Republican party on the silver question, in disregard of the cherished principles of the National Democratic party.

Third—We demand of the Administration, at Washington, that it shall second the efforts of the Democratic Representatives in Congress to give the people free coinage of silver, notwithstanding the formidable combination existing between the gold rings, National Banks and the National Republican party to maintain the single gold standard.

Fourth—We indorse the policy of applying the surplus in the National Treasury, as fast as it may accumulate, to the payment of the National debt, retiring as rapidly as practicable the National Bank circulation, and the direct loans by the National Government of legal tender Treasury notes, gold and silver coin and coin certificates.

Fifth—We arraign the Republican party before the bar of an enlightened public opinion for its high and long committed against the public peace, and against the best interests of the white laboring classes of both sexes, by its inviting and encouraging the influx of Asiatic hordes to our shores under treaty stipulations and under the crazy subterfuge of "The Fatherhood of God and the Brotherhood of Man," until there are planted among the people of the Pacific States and Territories, like so many leeches sucking the life-blood of our substance, 120,000 Chinese coolies.

Sixth—We demand the immediate abrogation of the Burlingame treaty and the total suppression of Chinese immigration to American soil, and we favor legislation providing for the deportation of all Chinese by the United States, and we recommend the exclusive patronage of white labor and its produce.

Seventh—The introduction by Senator Fair of his Chinese Restriction bill, and his success in passing the same deserves the approval of the entire people of the Pacific Coast.

Eighth—A proper regard for the welfare of the workingmen being inseparably connected with the integrity of our institutions, the laboring classes should be protected in their efforts peaceably to assert their rights when endangered by aggregated capital, or by the importation of foreigners and aliens under contract to perform labor, or by the involuntary or other labor of Chinamen.

POLITICAL.

Ninth—We are in favor of liberal wages and free labor. All associations formed for the purpose of developing intelligence, promoting and protecting the interests of the laborer and mechanic, and to enable successfully to contend for and maintain their rights by peaceful and efficient means against powerful and oppressive combinations, should be encouraged and protected by law, and the Democratic party of Nevada is in favor of the enactment of liberal laws fostering and encouraging the formation of co-operative and protective societies among all classes of laboring men.

Tenth—We approve the action of the Democratic House of Congress in forwarding and storing to the public domain for homesteads for actual settlers nearly a hundred millions of acres of ungranted lands heretofore granted by Republican Congresses to railroad corporations, and we also approve the Act preventing alien ownership of large tracts of public lands in the United States.

Eleventh—We commend the policy of the present Administration in strictly enforcing the tariff laws, the beneficial effect of which is so happily illustrated by the fact that the great wool-growing industry of the country receives more protection now by collecting the whole import duties on wool, than it did under the high tariff of 1867 and the practice by public officials of letting foreign wool slip through our Custom Houses at less than one-half of said duties.

Twelfth—In behalf of the mining industry of this State, and of the miner—the pioneer of civilization on this coast—as well as of the whole people of Nevada, we earnestly recommend the authorities at Washington the immediate opening and permanent running of the United States Mint at Carson City, to the end that our miners may be relieved from the unnecessary and burdensome expense of shipping their bullion three thousand miles away for market, and we hereby commend the efforts of Senator Fair to accomplish this result.

Thirteenth—Generous provision, State and county, should be made for the support of public schools. They are established for the benefit of all our people, and should be made entirely free from religious or political bias. We believe in thorough and efficient school supervision, and are in favor of such legislation as will best promote the educational interests of our State.

Fourteenth—The depression of our mining interests, a prominent factor in our revenue resources, necessitates the strictest economy in all branches of our government, both State and county, and we demand of all our public officials that they should be made more consistent with the proper discharge of the duties of their several offices.

Fifteenth—In common with the Democracy of this country we sympathize with Ireland in her great struggle for Home Rule. The friends of liberty throughout the world are deeply interested in the effort which the supporters of Gladstone and Parnell are making to give the right to govern themselves to the long-suffering and greatly wronged Irish people, and we sincerely hope that the struggle of Ireland for her just rights shall be crowned with complete success.

Resolved, That in common with the Democracy of the whole country we sincerely lament the loss of the late Vice-President of the United States, Thomas A. Hendricks, the honored and trusted leader, whose conciliatory counsel and patriotic teachings have become the common heritage of our common country. We also profoundly deplore that during a brief period of time the Nation, and particularly the Democratic party, have lost the services of one of its eminent citizens in the persons of the gallant leader George B. McClellan, the pure and wise statesman, Horatio Seymour, the superb hero, General Winfield Scott Hancock, and more recently the demise of the discerning statesman, sagacious counselor and profound political philosopher, Samuel J. Tilden.

MONTANA.

S. T. Hauser, Governor of Montana Territory, in his annual report to the Secretary of the Interior, concerning the condition and progress of Montana during the past year, says: "Agriculture has been almost a failure—certainly not over half a crop having been raised. A long continued drought, lasting for three months, and the fact that the fall of snow last winter was less than half the usual amount, resulted in the drying up of many of the streams. It has been difficult, therefore, to procure necessary water for irrigation, without which it is impossible to raise crops in this Territory. The great portion of our many valleys along the larger streams and rivers will not be utilized for agricultural purposes until there has been a proper system of irrigation canals built. Irrigating canals, however, are expensive and their construction will be greatly retarded, if not indefinitely postponed, if the Desert Act is repealed. But the most serious of all losses, the full extent of which it is impossible as yet to estimate, says the report, is that of our natural grasses, the sole dependence for the vast herds of cattle, horses and sheep and other stock, both winter and summer. Our ranges are almost bare, or so nearly so that our stock is in poor condition for winter, and should the season prove long and severe, great loss must inevitably follow. In anticipation of such an event, some of our large stock-owners are driving their herds to the British Possessions. It is a matter of such urgent importance that I would urge upon your department to secure, by friendly interposition, the privilege on such terms as may seem just for some portion of our stockmen, who can best avail themselves thereof, to pasture their herds during the coming winter on the extensive Indian Reservations north of the Missouri river, and those south of the Yellowstone river. I cannot too seriously urge upon your immediate attention to this suggestion to avoid or lessen a danger that threatens so important an interest as that of our stock, whose numbers and value have been steadily increasing until it represents a vast aggregate of wealth, probably of \$50,000,000. On the basis of an estimate made last year, counting the large natural increase of last spring and the large importation before drought began, our cattle must now number 1,000,000 head; horses, 130,000 head, and sheep, 2,000,000." The Governor estimates the present population of the Territory at 120,000, an increase of 10,000 during the year. On the subject of transportation, the Governor says: "This question underlies all others in the development of Montana. Railroads are more important to us and our interests than any other portion of the United States." The products of the mines of the Territory for the past year are estimated as follows: Gross value—gold, \$3,450,000; silver, \$9,000,000; copper, \$8,000,000; lead, \$1,250,000; total, \$22,300,000. The Governor discusses the silver legislation at some length, and says the necessity of a free coinage of silver with gold is growing daily more evident. The Governor makes various recommendations in the way of legislation for the good of the Territory.

The Land We Live In.

New York, Oct. 7th.—The Tribune says editorially: A striking exhibition of the variety of Pacific Coast products is made in a profusely-illustrated publication issued by W. T. Coleman & Co., of San Francisco. The publication is a remarkable evidence of the fertility of California and the scope of her resources. Fruit of many kinds, cereals, grapes, raisins and wine, wool, salmon, almonds, olives, oranges—each and all form the basis of industries which are growing steadily and fast, stretching out their arms to many distant points and accumulating wealth for their projectors and the country as well. The growth of canneries and packing houses alone is surprising. Already dried fruits, raisins and nuts form an important commerce, while the salmon canneries are expanding every year, and yet without showing any tendency to depletion in the world's markets. The immense resources of the Pacific Coast are in fact only now beginning to be at all systematically developed, and the application to them of capital on a large scale is making it more apparent continually. The most sanguine reports concerning this land of promise have been guilty of exaggeration.

The latest rumor as to changes in the Cabinet is that Secretary of War Endicott may, within the next sixty days, tender his resignation. He has said to his friends that the position is not in harmony with his tastes. He cannot take any particular interest in it, and feels he would only be doing himself, as well as the Administration, justice if he retired.

A BLOW TO DEEP MINING.

Operations on the Comstock Below the 2,400-Foot Level Suspended.

VIRGINIA, Nev., Oct. 6.—Last evening a telegram was received at the office in this city from Superintendent Hamilton, now in San Francisco, ordering the immediate stripping of all the levels below the 2,400 level in the Chollar mine. The order also necessitates an immediate suspension of operations in the Hale & Norcross lower levels. This action on the part of the management was precipitated by a flat refusal on the part of the Savage Trustees to pay their proportion, one-third, of the cost of keeping the pumps in motion at the Combination shaft. The car tracks, air-pipe and other material will be immediately stripped from the lower levels, and will be abandoned and flooded as soon as the ponderous pumps are shut down. The hydraulic pumps will not be removed. If the valves are kept open they can be started up under water at any time, if not left standing until the columns rust out. The shut-down will throw 300 men out of employment and sounds the death-knell of deep-mining on the Comstock. It will require about 10 days to strip the levels below the 2,400-foot, and when that is accomplished the hydraulic pumps will be stopped.

There are three sets of double hydraulic pumps in the shaft—one on the 2,400-foot, one on the 1,600-foot and the last on the 2,000 foot. The first of these cost \$750,000, but the others did not cost more than one-seventh of that sum. The great cost of the first set was due to the setting up of a powerful steam pumping engine on the surface, to be resorted to in case the water supply gave out, or the water company demanded a larger sum monthly for the pressure required than it would cost to lift the same amount to the Sutter Tunnel level by steam pressure.

Ground was broken for sinking the Combination shaft in 1876. It is known as the Savage-Chollar-Norcross shaft, and was sunk to its present depth at the joint expense of the three above named mining companies. From the surface or collar of the shaft to the bottom of the dump is a vertical depth of 3,255 feet. The total cost of sinking it was nearly \$7,000,000.

The shut-down is a severe blow to the mining industry on the Comstock, and the end of stock speculation. A prominent broker, on hearing of the order to shut down this morning, remarked, "We're in the same boat with 'Othello'; our occupation is gone, and we might as well pack up and emigrate."

If an arrangement could have been consummated with the Yellow Jacket Company to start the pumps at that shaft, the Chollar management would have sent the Combination shaft down 300 feet deeper, but the pumping power at the shaft was taxed to its utmost capacity to hold the water in abeyance, and it would have been impracticable to sink much deeper without auxiliary power.

It was rumored that the shut-down at the Combination would be followed by a suspension of operations at the Osblon shaft, but Superintendent Lyman has received no orders to that effect, and does not think that the shut-down will interfere with sinking the joint Best & Belcher and Gould & Curry winze below the 2,500-foot level, as the clay walls form an impenetrable barrier against the water from either the north or south end flooding the Osblon.

The hoist engine at the old Chollar shaft and the building have been recently thoroughly overhauled and repaired preparatory to a resumption of operations on the upper levels. The 1,100-foot will be the first point attacked. This will give employment to a number of miners thrown out by the abandonment of the lower levels. A prominent Superintendent authorizes the statement that the shut-down will not be so disastrous as represented; that it is only temporary, and that negotiations are pending for the immediate starting up of the pump at the Yellow Jacket new shaft, the expense to be borne jointly by the Potosi, Alpha, Eschbacher, Crown Point and Belcher. This will relieve the burden of the cost of draining, now borne solely by the middle mines. He further stated that extensive prospecting operations will be inaugurated in the Chollar and Potosi mines above the 2,400-foot level, and that the management of the Gold Hill mines are determined to drain the flooded levels for the purpose of thoroughly prospecting the 2,700 level of the Belcher.

The Plumed Knight.

PITTSBURGH, October 7th.—The proposed demonstration on October 20th in honor of Blaine is attracting the attention of all Republicans throughout western Pennsylvania, eastern Ohio and western Virginia. It was intended to have Blaine speak in Fifth Avenue Music Hall, but already the demand for tickets of admission is so great that the County Committee will probably decide on a grand daylight tariff demonstration and public reception to Blaine. It is proposed to hold the meeting in Exposition Park, where 10,000 people can hear and 50,000 can see him.

SIR RANDOLPH CHURCHILL.

He Accomplishes a Feat Supposed to be Beyond the Power of Man.

New York, October 7.—The Tribune's London special says: Sir Randolph Churchill has accomplished a feat hitherto supposed to be beyond the power of mortal man. He has put the Irish question in the background. His Dartford speech was a sensation, by everything since Gladstone's conversation to home rule. It is four days since it was delivered. Gladstone himself has spoken in the meantime, but his four columns have passed almost unread, while everybody reads and re-reads Churchill's discussion uninterrupted. He has taken the leadership of the Tory party out of Salisbury's hands. He has burnt his ships and his idols together. The Tory party henceforward is Democratic or nothing.

They Must Retire.

WASHINGTON, October 6.—Among the officials directly affected by the President's conclusion—that a candidate for an electoral office should relinquish his Federal office—are A. K. Delany, United States Attorney for the Eastern District of Wisconsin, and A. Hurst, United States Attorney for the Southern District of Ohio. Mr. Delany was appointed to his present office by President Cleveland, mainly through the efforts of General Bragg, and has been nominated to succeed that gentleman in Congress. Mr. Hurst is a Republican, and was appointed under the previous Administration. He has been nominated for Judge of the Court of Common Pleas of Hamilton county. After he accepted the nomination he wrote to the Attorney General, informing him of his nomination, and said that if his retention of the District Attorneyship, pending the result of the State election, conflicted in any way with the President's policy of civil service reform, he would resign his present office. As already stated, the Cabinet considered the question at to-day's meeting, and decided that, as a general principle, an official desiring to enter the political field had better give up his Federal office. It is therefore likely that changes will shortly be made in both the offices mentioned.

The Mormon Leaders Issue a Letter to Their Flock.

SALT LAKE, October 7.—A long epistle to the Saints, signed by John Taylor and George Q. Cannon, is published in the Church organ to-night. It recites the persecution which the Saints are now going through; says it is but the fulfillment of a prophecy; assails the courts for oppressive rulings, and the United States Attorney for slandering and abusing the people; bewails the fact that the people of the nation are so ready to believe lies about the Mormon people; rejoices in the failure of proposed legislation concerning Utah; scolds the Mormon for circulating and believing scandals and for Sabbath breaking, yet rejoices that Satan is baffled by the exemplary conduct of the Saints, and says that his servants may be expected to become more brutal and cruel. It laments that Mormonism cannot be fully taught in public schools; talks of the sacredness of family relations; denounces suicide, which is becoming so common; flatters the missionaries in their work, gives a summary of agricultural operations, and concludes with an appeal to the people to stand firm against their oppressors. The Lord will be with them "and Babylon will eventually fall."

For Tricks That Are Vain, the Democrats are Peculiar.

New York, October 6th.—The Mail and Express' Washington special says: A California politician, just returned from the Pacific Coast, says that Senator Gorman, of Maryland, has gone to consult with the leading Democrats of California and try and devise plans by which the Legislature can be carried by the Democrats. He says Gorman is of the opinion that he knows a political trick of which can be advantageously used on the Pacific Coast, and thus gain a Democratic successor to the late Senator Miller. Gorman has the vain hope that he can change the political complexion of the Senate in 1888, and if Cleveland is nominated and re-elected he will be again on top. To begin, Gorman is now working California, and he intends to stop over on his way back in Nebraska and fight Van Wyck, and then hop into Indiana and aid the Democrats there to slaughter Harrison. All three States elect Senators this Fall. It is not thought Gorman will succeed in all his schemes, but he is playing for large stakes.

A general order has been prepared at the War Department changing the headquarters of the Department of Dakota from Fort Snelling to St. Paul, Minnesota, on the 1st of November, and the headquarters of the Division of the Pacific from the Presidio to San Francisco, on the same date.

The old Democratic wheel horse General Hagerman has been appointed Postmaster at Reno. It is not a sufficient reward for services rendered.—Dayton News-Record.

CLOSING OF THE FAIR.

To-night at 12 o'clock the State Fair will close its doors and become a thing of the past, and the multitude of pleasure-seekers will go hence from these beautiful halls and enchanting scenes to their various homes, there perhaps to pursue their wonted vocations until another annual exposition shall attract them hither for a season of recreation, observation and instruction. As it was part of the JOURNAL's mission at the outset of the Fair to extend a welcome to all, it now, at the closing hour, bids them a reluctant good-bye, at the same time trusting that their brief stay in Reno has been pleasant and profitable, and that prosperity and happiness may attend them during the year to come.

BREVITIES.

Theater to-night.
Be sure and visit the Pavilion.
W. H. A. Pike is up from Stillwater.
Why not continue the Fair another week?
A. L. Fitzgerald and John T. Brady are in town.
Gen. Foreman and Governor Adams are seeing Fair sights.
Nellie Boyd in "Street of New York" to-night.
A. K. Lamb has about recovered from the attack he had on the Fair grounds.
The candidates on the State tickets are during some good electioneering in Reno now.
J. M. Sanford, Democratic nominee for State Senator in Churchill, is attending the Fair.

By request the Nellie Boyd troupe will repeat "Unknown" for a matinee performance this afternoon.

The weather has been of a very agreeable temperature during the week—the days moderately warm and the evenings brazenly cool.

The Board of Equalization of Eureka has reduced the valuation placed on Central Pacific railroad property in that county from \$14,000 to \$10,000 per mile.

The prizes in the ladies tournament were awarded as follows: 1st, Miss Anna Kemler; 2d, Miss May Wheeler; 3d, Miss Leona Raynolds; 4th, Miss Alice Noyes.

Yesterday's Genoa Courier says:
Hon. W. M. Stewart made one of his interesting and eloquent speeches at the Court House in Genoa last Saturday evening. The Court room was well filled with both ladies and gentlemen, who evinced great appreciation for the able arguments produced by the Senator.

THE FAIR.

A Great Day, But a Disappointment.
—"The Washoe Zephyr."

The programme arranged for yesterday was the best ever offered to the Reno public, but the gentle Washoe zephyr played havoc with all plans. The attendance at the track was immense, the grand stand being packed, and everybody and his sister and his cousin and aunt were out. Everything was nice and clear overhead, but just about 12 a perfect hurricane sprung up, and the wind blew with such terrific force that at 2 o'clock the Directors decided to postpone the racing until 9 o'clock this morning, thereby, of course, bringing the pacers and trotters and runners all in one day. The stock parade was fine, the ladies tournament and the fancy riding of the daring and graceful Kemler sisters pleased the vast throng, and the Indian pony race was also greatly enjoyed. In this race Jewett Adams came in first, Bill Gibson second, Jim Hallock third, Jerry Schooling fourth, Rollin Daggett fifth, Bill Woodburn sixth, MacMillan seventh, George Tufty and Whip-poor-will Jim distanced with the balance of the gang. The runners were brought out for the mile and three-quarter dash and it was won by Lige Clark, Snuff Box second, Coombs last.

The stake race between Miss Courtney and May Blossom was no contest, as Miss Courtney won easily. The other three running races, and the two fast trots were carried over until this morning.

TO-DAY'S PROGRAMME.

The programme to-day is a grand one, includes the 1/4 mile dash, 1/2 mile dash, Consolation purse of a mile and a quarter, and three 3 in 5 trots, and the pacing race. There will also be a sheep shearing match. The business will commence promptly at 9 o'clock.

Lost.—A lady's gold locket was lost between the Pavilion and the residence of N. W. Roff Thursday evening. The person finding the same will be liberally rewarded by returning to this office or N. W. Roff.

DICKY JOSE IN NEW YORK.—The New York Evening Telegram of September 30th has the following notice of Dookstader's Minstrels, of which our Nevada boy is a member:

The best first part ever given in this city by a minstrel company was presented last evening by Mr. Dookstader's excellent band of burnt cork artists. This is said advisedly, and is based upon the splendid and almost classically accurate vocalism of the soloists and the ensemble. As one gentleman said coming out of the building after the performance:—"The rendering of Arthur Sullivan's 'Lost Chord' was worth the whole price of admission. The house was crowded by a very select and refined audience, in which were noticeable several society and middle-aged folks who seemed to enjoy the entertainment hugely. Mr. McWade has a splendid baritone voice, which he used with telling effect; Mr. Harry Pepper's 'Once in a While' gave great satisfaction, and Mr. Jose has the purest and sweetest male alto voice we have heard in this city since John Gould sang in Wood's Minstrels at No. 514 Broadway. Mr. Dookstader last evening fulfilled his promise to the public and gave as enjoyable an entertainment as any one could desire, even the most fastidious patron of popular amusements. His own songs and eccentricities wrung peals of laughter from the assemblage, and Mr. Peter Mack and Chief Justice Arthur Moreland kept the spectators on a broad grin for an hour by their cross fire of malapropisms and astounding rhetorical flourishes. Mr. Alexander Comstock has in a large degree contributed to the success of this enterprise by his jealous regard and watchful care for the comfort of his guests. He was everywhere in the auditorium last night seeing that people were comfortably seated, that draughts were excluded, that the temperature of the place was uniform and healthful and that the ladies and others were provided with programmes. These little attentions will unquestionably go a long way towards popularizing this charming little temple of sweet music and innocent mirth. Such a place has been needed in this city for years, because there are thousands upon thousands of overwrought adults and fun-loving little ones who love and fully comprehend and enjoy this sort of recreation. 'There is nothing like a first-class minstrel show to dispel a fit of the blues,' said an elderly gentleman emerging from the house last evening. 'The olio and the burlesque, 'The Little Black Sheppard' are capital.

NEVADA THEATER.—Last night a large audience greeted the Nellie Boyd combination in their rendition of The Octoroon. The piece was splendidly mounted; the scene of the burning steamer was the most elaborate production ever produced upon the stage of the Nevada Theater. The acting was above the average. Miss Nellie-Boyd as Zoe the Octoroon, gave a true and faithful picture of the slave daughter of Judge Peyton. Miss Georgie Haynie as Dora Sunnyside and Miss Carol Cruse as Mrs. Peyton, were both good in their respective roles. Mr. Wilkins as the Indian, Mr. Stevens as Jacob McClusky, Mr. Hatch as Salem Scudder, Mr. McKee as Pete, were all that could be desired. Master Frankie, the child actor, captured the audience in the character of the quadroon boy Paul. The balance of the cast was acceptable. This afternoon and evening will be the last opportunity to witness this really fine company. A matinee will be given this afternoon at 2 o'clock for the accommodation of ladies and children, when the price will be 50 cents and 25 cents for children. To-night will be produced the great play entitled, The Streets of New York, with a fine cast, also the great fire scene. Don't fail to see it! Frankie as the bootblack with song, 'Mr. O'Reilly,' Miss Nellie Boyd in her great character of Alida Bloodgood. Reserved seats at the Postoffice. Go early and secure good seat.

GRAND OPENING OF THE TEMPLE OF FASHION, OCT. 1ST TO 6TH INCLUSIVE.—Mrs. Hessel respectfully invites the ladies of Reno and vicinity to attend the grand opening of the Temple of Fashion at which time she will have on exhibition the largest and most complete stock of millinery goods ever displayed in this city. She also takes pleasure in announcing to her friends and patrons that she has also secured for the coming season an experienced artist whose ability and refined taste will be a guarantee of perfect satisfaction to all.

MEETING NOTICE.—The members of the Kindergarten Association will meet at the rooms of Mrs. S. D. King on Monday, at 2 p. m. A full attendance is desired. All creditors of the Association are requested to send in their accounts to Mrs. King on or before that date.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-swf-1v.

LADIES, LADIES!—Your attention is called to the large and well assorted stock of ribbons that have just been received at Mrs. Hessel's Temple of Fashion.

Remarks and Conditions.

Entrances to stakes must be made to the secretary on or before the first day of August. Entries for the purses must be made Monday's races on the Saturday preceding; Wednesday's races on Monday and for

Friday's races, on Wednesday, at the regular time for closing entries as designated by the rules. Those who have nominated in stakes must name to the Secretary in writing which they will start the day before the race, at 6 p. m. Horses entered in purses can only be drawn by the consent of the judges.
There shall be no Pacific Blood Horse Association will govern running races.
All horses entered for state purses must be owned and kept in Nevada and California, east of the Sierra Nevada, for six months prior to day of race.
Entries to all trotting races will close September 1st, with the Secretary.
Five or more to enter and three or more to start in all races for purses.
National Trotting Association Rules to govern trotting races, Pacific Coast Blood Horse Association Rules to govern running races, except as above.

All trotting and pacing races are the best three in five, unless otherwise specified, five to enter and three to start. But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate number of the purses. Entrance fee, 10 per cent, on purse, to accompany nomination. Trotting and pacing purses divided at the rate of 50 per cent to first horse, 25 per cent to second, 10 per cent to third, and 10 per cent to fourth.
National Association Rules to govern trotting; but the Board reserves the right to treat hereof of any two classes alternately, if necessary to finish any day's racing, or to treat a special race between heats. A horse making a walk-over shall be entitled only to the entrance money paid in. When less than the required number of starters appear they may contest for the entrance money, to be divided as follows: 60% to the first and 40% to the second.
In all the foregoing stakes the declarations are void unless accompanied by the money. Please observe that, in the above stakes, declarations are permitted for a small forfeit.
In all races entries not declared out by 6 p. m. of the day preceding the race shall be required to start.
Where there is more than one entry by one person, or in one interest, the particular horse they are to start must be named, y. e. m. of the day preceding the race. No added money paid for a walk-over.
Hacing colors to be named in entries.
In trotting races drivers will be required to wear caps of distinct colors, which must be named in their entries.
Each day's races will commence promptly at one o'clock p. m.
All entries must be directed to C. H. Stoddard, Secretary of the Society.

Special Premiums—Equestrianism.
Ladies' Grand Tournament for the most accomplished and graceful lady riders, Wednesday and Friday, October 10th and 11th, at 10 o'clock a. m.
The Society offers four premiums, valued respectively at \$100, \$50, \$40 and \$30.
The lady who is adjudged first shall have her choice of all premiums offered. The second lady shall have second choice, and so on. All ladies must ride with saddles.

Not less than fifteen animals must be sheared, and rapidity and cleanliness will be the controlling factors in determining the awards. A committee of three will be selected from the leading men of the wool industry of the State to make an impartial report.

also Ball Matches.

Arrangements will be hereafter perfected to permit the various base ball clubs of the State to come together.

PARKER'S NEW MAP OF NEVADA.

THIS NEW AND BEAUTIFUL

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to insure its being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements; also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished, it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler; he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.

John W. Parker,
Reno, Nevada.

standard rates for coin of gold or silver certificates as the case may be.

We endorse the earnest and able efforts of Senator Jones and Representative Washburn to prevent the Administration from depriving the people of this State of their usual and necessary mail facilities, and their efforts to keep open our mind and to furnish the people of this State with the usual benefits arising from a fair and impartial administration of public affairs, and we particularly commend them for their able efforts to restore silver to its original place as money and to defeat the conspiracy of the bondholders to contract the world's money to the single gold standard and thereby double the obligations of contracts and inflict upon the laboring masses such enormous burdens as to reduce them to a condition of slavery.

Resolved, That we regret the failure of Senator Fair to co-operate with his colleagues from this State in their efforts to restore silver to par and thereby revive silver mining in this State and defeat the bondholders' conspiracy to demonetize that metal. It is unfortunate that Senator Fair's private business was so pressing as to require his absence from his seat in the Senate at all times when any question affecting the use of money has been discussed or voted upon, since he has been a member of the United States Senate. Just whatever his private business of interest may have been, we cannot excuse his silence on the great issue with regard to silver, in which our State is so vitally interested, and which he was elected to foster and protect. We charge him with utter disregard of his duty to his constituents in failing to place on the record of the Senate his opinions upon this question. In all charity to him we hope he is not a bondholder, and persons interested in the demonetization of silver, and the destruction of silver mining in this State.

We favor the restoration of the Republican tariff on wool and the maintenance of the general features of the present protective tariff, and oppose free trade and the degradation of labor in this country, and we favor the efforts being made to arrive at a humane and honorable solution of the questions that have so lately been at issue between England and Ireland.

We denounce the action of the Democratic House in refusing all expressions of sympathy with the Home Rule movement, while the Republican members always support such Resolutions.

Resolved, That the Republican party has ever stood as the friend of labor against all who would either oppress or enslave it, and every measure, either State or national, which will protect the laborer from dangerous foreign competition, or improve and dignify his condition at home, will meet with our unqualified approval. Unswerving in our ability to Anarchism, Socialism and Communism, we favor such wise legislation as may insure that harmony which ought always to prevail between the employer and the employee. We recognize the right of all men by association to promote their mutual good and protection in every way that does not infringe upon the rights of others.
